

HHA Herald – Wednesday, March 24, 2021

Hi, this is Principal Hornbeck with your weekly HHA Herald. After eight days of in-person instruction, we are really getting the swing of things. Arrival and dismissal are quick and efficient. Meanwhile, families choosing in-person instruction may not move back and forth between in-person and virtual learning. That may have been a misunderstanding in some cases. Once your child is in-person, that is the only option unless you want to move to remote learning for the rest of the school year. And an important reminder not to double park your car, especially when it is raining, when picking up your child. Not only is double parking a \$252 ticket but it's dangerous for other cars and pedestrians as cars move around your vehicle and the line quickly backs everyone up to Eastern Avenue. Thanks for your help with that. Spring break starts Friday after school. I don't recommend Florida this year. School resumes Tuesday, April 6th. For K-2 families, please remember that all K-2 students will work that week on their new AM/PM schedules remotely. There is no in-person learning the week after spring break. We will welcome in-person PreK through 5 grade students back to school on Monday, April 12th. And then about two thirds of our middle school students will join us starting April 19th. Whatever you do over break, please be safe. If you have not been vaccinated yet, please make the decision to get the shot. If not for you, for everyone around you. Whether you are with us in person or online, we love that your family is part of the HHA family. Thank you for being an important part of our community. That's it for now. Have a great evening and a great break.
