

# HHA Herald – Wednesday, April 21, 2021

---

Hi, this is Principal Hornbeck with your weekly HHA Herald. We now have more than 500 students learning in-person and more than 300 students learning online. It feels great. We have the best staff bar none. Everyone has really stepped up to make our new schedules work and the reopening as safe and successful as I could hope for. We should all be grateful that the district is committing significant resources towards keeping everyone safe. Regular testing, along with masking, HEPA filters, and daily screening, are a good thing. In other news, the district parent survey, which matters to teachers because part of their evaluation depends on the results, is now available. We really hope you let the district know about the great job everyone is doing at HHA. Please take the survey for your child's teachers and for me. The survey can be taken on any device, including your cell phone. You can find a link to the survey and details on the front page of our website at [HHA47.org](http://HHA47.org), at the top of the Bloomz feed and on our Facebook page. If you have any issues taking the survey, please call the main office. We can help. Thanks in advance for taking a few minutes to complete the survey. Finally, we have a puzzler for this week. What is harder to catch the faster you run? Send your answer to [principalhornbeck@hha47.org](mailto:principalhornbeck@hha47.org) and I'll let you know if you are correct! Have a great evening and we'll talk again next week.
